MAXX PANEL™ ON DIY NETWORK – TURF WAR

Maxx Panel™ Insulated Roof patio cover was recently featured on the DIY Network's show, Turf War. The show is about two neighbors battling to win \$5,000 and the title of Best Yard on the Block. The host, Ahmed Hassan, leads two teams of landscape experts to transform their yards into spectacular outdoor spaces. To determine a winner, Ahmed enlists the input from other neighbors to decide who has the better yard.

The yard with Maxx Panel™ Insulated Roof patio cover won! Maxx Panel™ Insulated Roof was installed over an outdoor bar giving maximum protection and coverage to the bar area. Two flat screen TVs were mounted to the patio cover making the area an even more bar-like atmosphere. Thanks to California Patio for installing Maxx Panel™ Insulated Roof patio cover and help make the Bennett's backyard a bar delight!
